- 2) “If you’re in the music promo industry, you know which performers you want back. Some bands over-complicate everything with me. If I wanted to work with fragile little blossoms, I would’ve been a florist. Instead, I choose Lone Star Skynyrd. I worked with them at 4 shows in 2022 and have 3 shows with them this year. Steven and the guys are top-shelf musicians and they understand the business. Big talent, no ego. They made our deal for festival concerts straightforward and simple. Sign ‘em up now.”

3) “One tune is all it takes. Watch Lone Star Skynyrd sizzle onstage and you instantly know they’re devoted to keeping those Southern classics alive. They deserve that Josie Music Award for best tribute band in America. Super easy to work out the deal. Savvy industry guys who are astounding at rocking a concert you and the fans will remember.”
